7. Sanctioning by National federations:

Overall.

It is clear to everybody that an organiser only have to pay a sanctioning fee once. It can't be that the organiser of a European wide sanctioned event also has to pay a sanctioning fee to the national federation. It does not happen also the other way around. The proposal is as follows:

Category A

National federations have to give their o.k. for the dates in due consideration of the time frames (§ 2) and the procedure (§ 5). It can't be that an international tournament takes place and the national federation has their national championships for example. If the national federation accepts the dates then the sanctioning fee will be split 75 % EPBF – 25 % NF who is a member of EPBF. EPBF will send the invoice to the promoter / organizer and collect the money. Then EPBF will transfer the 25 % part to the national federation.

Category B

National federation have to give there o.k. for the dates in due consideration of the time frames (§ 2) and the procedure (§ 5). It can't be that a international tournament takes place and the national federation has their national championship for example. If the national federation accepts the dates then the sanctioning fee will be split 90% EPBF – 10% NF who is a member of EPBF. EPBF will send the invoice to the promoter / organizer and collect the money. After receiving an invoice from NF, the EPBF will transfer the 10% part to the national federation. Sanctioning fee to NF will only be paid when the EPBF does receive the Sanctioning fee from the organizer.

Category C

National federation have to give there o.k. for the dates in due consideration of the time frames (§ 2) and the procedure (§ 5). It can't be that a international tournament takes place and the national federation has their national championship for example. If the national federation accepts the dates then the sanctioning fee will be split 75-25 between EPBF and the National federation who is a member of EPBF. EPBF will send the invoice to the promoter / organizer and collect the money. After receiving an invoice from NF, the EPBF will transfer the 25% part to the national federation. Sanctioning fee to NF will only be paid when the EPBF does receive the Sanctioning fee from the organizer.

§ 8. EPBF European Ranking

New In the category A, B is the fact that we award ranking points to the events. For C events this will be the case from 2017 onwards.

Each tournament has the same points system as the Euro Tour events, as follows:

1 st .	550 points
2 nd	480 points
3 rd	420 points
5 th	370 points
9 th	330 points
17 th	300 points
33 rd	275 points
49 th	230 points
65 th	200 points
97 th	180 points
129 th	160 points
192 nd	140 points

To guaranty the difference between the events these points will be multiplied. These will be done as follows:

Category A tournaments:	Points multiplied by 2	
Category B tournaments:	Points multiplied by 1.5	
Category C tournaments:	Points multiplied by 1	(From 2017 onwards)

Category D tournaments receive no points for the European ranking.

§ 9. Membership

From the second half of 2009 onwards the decision is made that all participants at EPBF sanctioned events have to be a member of a national federation of the EPBF or, if there is no EPBF member federation in the country where the player holds the passport, become a direct member of the EPBF. The EPBF statutes will give further information about this subject.

This means that for the tournament categories A + B the players have to proof their membership if that is requested.

In order to create a workable situation for the tournament categories D, E and F the normal sanctioning fee will be raised with 50€. By paying this 50€ all players who are not a member of an EPBF member receive the membership only for that particular event.

§ 10. Application for sanctioning

Everybody who wants to file an application for sanctioning can only do so by sending the request via the official application form. (This form will be part of this catalogue after the GA decided upon acceptance of this catalogue).

If the procedure in case of application was successful the EPBF members have to accept the official dates into their respective sports calendar without any restrictions.
